# About Us

Gainwell Commosales Private Limited operates as the authorized Cat® dealer in North and East India and Bhutan. Gainwell sells and services an extensive range of Cat equipment for construction, mining and several infrastructure applications. The enduring partnership of 73 years with Caterpillar provides Gainwell with the desired competitive edge; one that is entirely customer centric.

Gainwell is also responsible for sales and service of Hindustan –

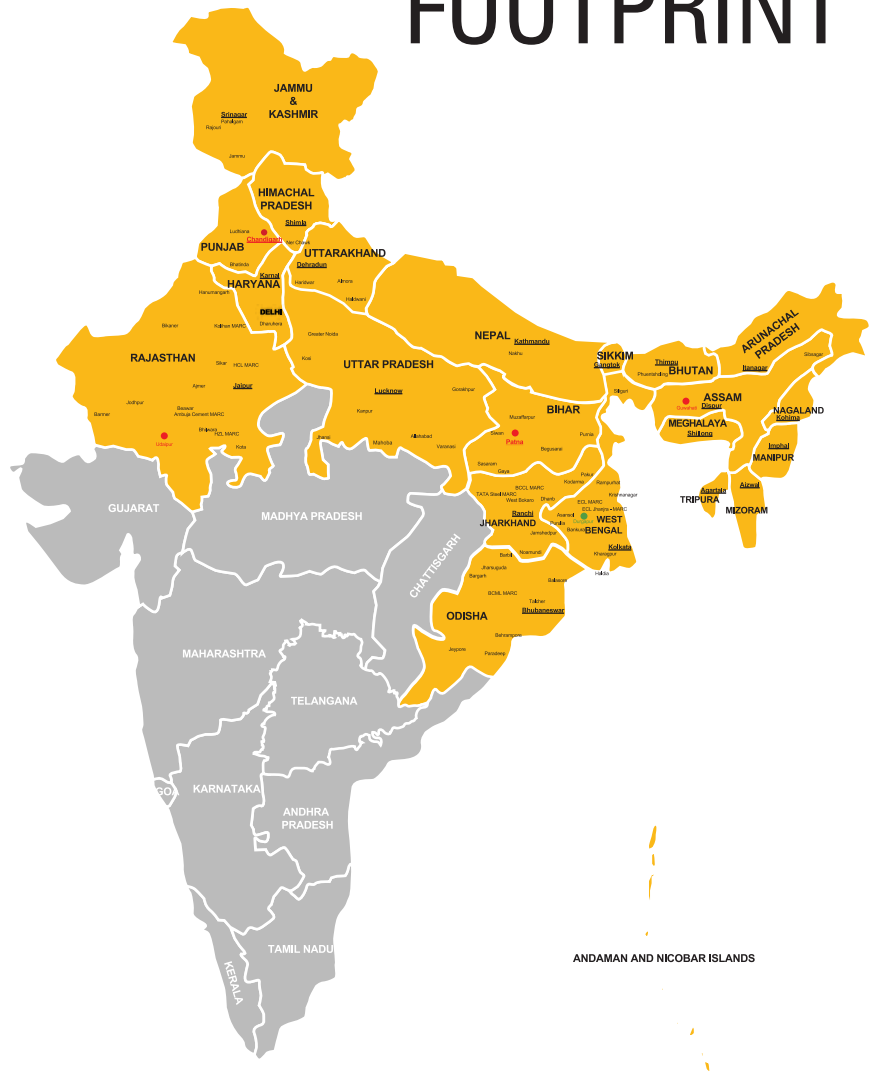

a Caterpillar brand for North and East of India and Bhutan. Hindustan 2021 Z bar loader is a widely popular brand of wheel loader in India used in heavy construction. Gainwell has also entered into tie up with SITECH for the GPS based connected site solutions.

Along with these machinery offerings, Gainwell has brought in a world class generator sets brand FG Wilson to cater essential power for critical applications such as hospitals, airports, data centres, telecommunication networks as well as residential properties and factories. This product range is designed exclusively for the Indian market and is available from 10 – 200 KVA. Designed to meet local legislative requirements for both emissions and noise levels, the FG Wilson range provides outstanding value for money, guaranteeing maximum efficiency & productivity.

Gainwell is spread across four territories with a footprint that spans over 80 branches, area offices, retail outlets, workshops and rental outlets. Gainwell footprints and other Caterpillar authorised network ensures that we are able to serve our customers anywhere in the country.

As a part of its values driven culture, Gainwell is committed to good corporate citizenship and believes that as an organization it has a responsibility towards society, community and environment. The various CSR initiatives are carried out continuously – aimed at touching lives and making a difference.
